

Take your laboratory to the next level of professionalism by utilizing the DAMAS method of documentation!

NADL is the sole distributor of the DAMAS Program in North America. Through NADL, members can purchase the DAMAS Manual to assist their laboratories in voluntarily achieving a higher level of documentation and specifications. DAMAS is not a regulatory program. It is a documentation program designed to enhance the management systems of a dental laboratory.

The manual focuses on such items as:

- Documented Review of Prescriber's Requirements
- Defined manufacturing Processes
- Training
- Cleanliness
- Documented Review of the Final Product
- Control of Records

Cost: NADL Members = \$150.00 for manual + \$10.00 shipping and handling = \$160.00 Total
Non Members = \$300.00 for manual + \$10.00 for shipping and handling = \$310.00 Total
